APPLICANT INSTRUCTIONS AND CHECKLIST

RETURN THIS CHECKLIST WITH YOUR APPLICATION

INSTRUCTIONS

GENERAL. Provide all information requested on the application form. **Do not** substitute a resume or other synopsis of your experience and/or education for any part of the application form. If additional space is needed please photocopy that portion of the form.

REFERENCES. UNDERGRADUATE STUDENTS for whom the Dean signs in Section 10 should obtain the signatures of their references on the application form. **GRADUATE STUDENTS AND NON-STUDENTS** should make a sufficient number of copies of our **Reference Form** to send one to each of your references. Signatures of your references are not required on the application form. Keep a blank Reference Form for your future use in the event a reference does not respond. In addition to the Reference Form, you should send each of your references a **stamped** envelope on which you have placed the Board address label (labels are included as part of this application packet). Reference Forms received from applicants are not acceptable. They must come directly from the references.

EXPERIENCE. UNDERGRADUATE STUDENTS for whom the Dean signs in Section 10 do not need to complete this section. **GRADUATE STUDENTS AND NON-STUDENTS** need to complete this section.

TRANSCRIPTS. UNDERGRADUATE STUDENTS for whom the Dean signs in Section 10 do not need to have transcripts submitted. **GRADUATE STUDENTS AND NON-STUDENTS** must submit an official transcript copy to this office. For your convenience, a Transcript Request Form is included as a part of this application packet. Complete this form and send it (and any required fee) to the college or university you attended. If you attended multiple colleges or universities, please send a transcript request form to each one. Transcripts received from applicants are not acceptable. They must come directly from the college or university.

APPLICATION CHECKLIST

Before you mail your application to the Board (Graduate Student and Non-Students Only) or leave it at the Office of the Dean, (Undergraduate Students Only) please check the following items carefully. Your attention to these details will make it possible for the Board Staff to process your application without delay.

Have you:

_____ **GRADUATE STUDENTS AND NON-STUDENTS ONLY** Requested your college or university send an official transcript to the Board?

_____ **GRADUATE STUDENTS AND NON-STUDENTS ONLY** Completed the "References" portion of the application and sent a Reference Form and Board-addressed and stamped envelope to each of your references and kept a blank copy of the form for yourself?

_____ **GRADUATE STUDENTS AND NON-STUDENTS ONLY** Completed the EXPERIENCE portion of the application?

_____ **UNDERGRADUATE STUDENTS ONLY** Had your references sign your application and provided the additional information requested?

_____ Signed the application?

_____ Included this Checklist with your application?

NOTICE TO ALL APPLICANTS

Be sure you submit your application to the Board before you send out your reference letters. We must receive your application prior to receiving letters from your references. If we receive responses from your references and do not have your application on file, they may be misplaced, causing a delay in the processing of your application.

Business Entity Certificates of Authorization expire annually on July 31. Renewal notices are sent in late June. Licenses and certificates issued to individuals expire on the last day of the month in which the individual was born, in even-numbered fiscal years for individuals born in even-numbered calendar years and in odd-numbered fiscal years for individuals born in odd-numbered calendar years. Individual renewal notices are sent out near the end of the month preceding their expiration. Idaho's fiscal year begins on July 1 and ends on June 30 and is numbered to correspond with the calendar year in which the fiscal year ends.

Branch examinations for the PE exam are given in the following categories:

Agricultural	Environmental	Mining/Mineral
Architectural	Fire Protection	Naval Architecture & Marine Engineering
Chemical	Geological	Nuclear
Civil	Industrial	Petroleum
Control Systems	Mechanical	Structural
Electrical & Computer	Metallurgical	

Any applicant passing the examination to which he or she is assigned is issued a license as a Professional Engineer with special qualification in a particular branch of engineering, but his or her practice as a Professional Engineer is not legally limited to the branch specified. It is left to his or her professional integrity to practice only in those fields in which he or she considers himself or herself to be qualified and competent.

Idaho has no reciprocity "agreement" with any state; however, it is the policy of the Idaho Board to honor the written examinations given by other states, and wherever possible give full credit to the examinations given by the applicant's home state. (This applies to Surveyor Intern, Engineer Intern, Professional Engineer and Professional Land Surveyor examinations). If the applicant has taken examination(s) in his home or "comity" state equal to those given in Idaho as to length of exam and quality, Idaho will usually not require the applicant to take additional examination(s). However, if the "comity" state requires Idaho registrants to take an additional examination, the Idaho Board may require applicants from that state to take an additional examination to comply with Idaho Law (Section 54-1219, Idaho Code). Applicants for licensure as a Professional Land Surveyor by comity must take, as a minimum, a 2-hour Idaho-specific examination.

In order for the Board to be able to verify experience, only experience up to the date of submittal of the application will be considered as valid. Experience anticipated between the date of the application submittal and the date of the examination or issuance of registration will not be considered and should not be listed on the application.

All Professional Engineer candidates with less than twelve (12) years of experience will be required to (1) take, or provide evidence that they have passed, an approved 8-hour Fundamentals of Engineering (FE) examination, and (2) take and pass an 8-hour Principles and Practice examination, for a total of 16 hours, to be eligible for registration. They must also receive a passing grade on the Questionnaire.

Applicants in the discipline of structural engineering will be required to first be licensed in a "base discipline", have a minimum of two (2) years of experience in structural engineering after first becoming licensed, and then take and pass the 8-hour NCEES Structural I and the 8-hour NCEES Structural II examinations.

All Professional Land Surveyor candidates will be required (1) to take, or provide evidence that they have passed, an approved 8-hour Fundamentals of Surveying (FLS) examination, (2) take and pass a 6-hour Principles and Practice of Land Surveying examination and (3) take and pass the Idaho-specific examination for a total of 16 hours of examination, to be eligible for registration.

Persons applying for assignment to the Fundamentals of Engineering examination who have a bachelor degree in a major other than engineering should contact the Board office at (208) 373-7210 to obtain a list of requirements which must be met in order for the Board to consider them to possess knowledge and skill approximating that attained through graduation from an approved four year engineering curriculum as required by section 54-1212(3)(b), Idaho Code.

Persons applying for assignment to the Fundamentals of Surveying examination who do not qualify for assignment under Idaho Code Sections 54-1212(4)(a) or 54-1212(4)(b) must submit evidence that they possess knowledge and skill similar to that attained upon completion of an approved college curriculum as required in Idaho Code Section 54-1212(4)(c).
