Minutes of Meeting

The Board of Professional Engineers and Professional Land Surveyors held a regular meeting on August 27, 28, and 29, 2009 at the Hilton Homewood Suites, 7957 Spectrum Way, Boise, Idaho, to conduct Board business. The meeting convened at 8:00 a.m. on Thursday, August 27, 2009 with the following Board members present: William J. Ancell, Gary Young, James H. Milligan, John W. Howe and David Bennion. Also present was David L. Curtis, Executive Director, Jim Szatkowski, Deputy Director, Jennifer Rowe, Administrative Assistant and Mike Kane, Board Attorney.

i. Are there any new agenda items?

Mr. Ancell asked the Board to add a general discussion of disciplinary matters to the agenda.

I. READING OF MINUTES

1. Approval of minutes of the June 11-13, 2009 Board meeting as distributed.

Moved by Mr. Young, seconded by Mr. Milligan to approve the minutes for the June 11-13, 2009 meeting as amended. Motion passed unanimously.

2. Approval of minutes of the July 31 & August 1, 2009 Board retreat as distributed.

Moved by Mr. Young, seconded by Mr. Howe to approve the July 31 & August 1, 2009 minutes as amended. Motion passed unanimously.

III. UNFINISHED BUSINESS

3. The subcommittee consisting of Mr. Bennion, Mr. Young, and Mr. Szatkowski are working with the Board of Architectural Examiners to clarify the definitions of engineering and architecture. The Board previously approved proposed legislation on this topic. The AIA Northern Chapter unanimously voted to oppose this legislation. Members of the subcommittee from the Board of Architectural Examiners feel they have enough votes to support the proposed legislation. Mr. Curtis and Mr. Szatkowski met with ACEC-Idaho relating to this subject. The Board of Architectural Examiners is scheduled to meet on September 18, 2009 to vote on this subject which will not allow time to submit this for legislation this year.

Moved by Mr. Young, seconded by Mr. Howe to continue this discussion and authorize staff to withdraw legislative idea of incidental practice of architecture and engineering in order to allow sufficient time for the subcommittee to work out details and concerns that have been expressed by stakeholders. Motion passed unanimously.

5. Mr. Howe and Mr. Young in conjunction with ISPLS to drafted amendments to surveying laws which the Board edited & approved at the retreat. Mr. Howe and Mr. Young met with ITD and ISPLS on August 20, 2009 to discuss this topic. ITD's policy will be that the surveyor that does the initial documentation will be retained to complete the full survey. This policy will put ITD more in line with the upcoming law changes. Mr. Howe gave an update on this subcommittee's progress to the ISPLS Board of Governors at their last meeting.

Moved by Mr. Young, seconded by Mr. Howe to continue this matter. Mr. Kane will meet with Mr. Young and Mr. Howe before the November meeting to discuss his notes on the surveying law changes. Motion passed unanimously.

6. Review of Proposed Administrative Rules as published in the Administrative Bulletin. A public hearing was held and a representative of ACEC-Idaho attended to speak in favor of the changes.

Moved by Mr. Milligan, seconded by Mr. Young to authorize staff to publish proposed rules as pending rules. Motion passed unanimously.

7. Review of legislation to be submitted to DFM for 2010 Legislative Session.

Moved by Mr. Howe, seconded by Mr. Young to authorize staff to submit the final version to DFM for preparation as an RS. Motion passed with Mr. Bennion absent.

IV. NEW BUSINESS

3. Allen Johnson, P.E. from the Idaho Dept. of Agriculture would like to clarify the Board's policy on non-federal employees being given design authority through NCRS. Federal courts ruled that subcontractors on federal projects are exempt and federal law preempts state law. This topic will be continued when Mr. Sampson meets with the Board on Friday.
4. Nestor Fernandez asked the Board whether Storm Water Prevention Plans need to be stamped?

Moved by Mr. Bennion, seconded by Mr. Young to authorize the creation of a subcommittee consisting of Mr. Ancell, Mr. Szatkowski, and Mr. Milligan and additional stakeholders to study this matter and report back to the Board. Motion passed unanimously.

5. Joe Canning requested clarification from the Board on the QBS process and whether it is required for federal entities. The Board discussed state law applying

to state projects and the Brooks Act applying to federal projects. 10.01.02.009.05 relating to Selection on the Basis of Qualifications may need to be amended to allow disciplinary action to apply to individuals in violation of the Brooks Act.

Moved by Mr. Howe, seconded by Mr. Milligan to write to Mr. Canning and notify him that responding to a federal RFP with a price proposal would not be a violation of the Board's Rules of Professional Responsibility as they are currently written. The Board will research this matter further to see if the Rules need to be amended. Motion passed unanimously.

Moved by Mr. Milligan, seconded by Mr. Howe to direct Mr. Kane to research the matter and suggest changes to the Administrative Rules to include the federal RFP issue and notify Mr. Canning of any action taken. Motion passed unanimously.

Mr. Naylor joined the meeting.

17. Mr. Ancell requested that the Board add a discussion about the procedure for going into disciplinary action to the agenda. Mr. Ancell questions if we are missing a step in the process. Should the Board look at these matters in more detail before a Consent Agreement is negotiated? It seems that the respondent does not have enough options or does not fully understand that they have the option of a hearing. Mr. Kane & Mr. Naylor discussed their current processes relating to Consent Agreements and Hearings. No action was taken.

VI. CONSIDERATION OF DISCIPLINARY MATTERS

Mr. Naylor left the meeting. Mr. Russell joined the meeting.

Moved by Mr. Milligan, seconded by Mr. Howe to enter into executive session to consider records that are exempt from disclosure as provided for by Idaho Code 67-2345(1)(d). Roll call vote results; Mr. Milligan, yes; Mr. Ancell, yes; Mr. Young, yes; Mr. Bennion, yes and Mr. Howe yes. The Chairman directed the Board to return to regular session.

Moved by Mr. Milligan, seconded by Mr. Bennion to dismiss this complaint as unfounded. Motion passed unanimously.

IV. NEW BUSINESS

6. Kelli Ogborn submitted some questions to the Board on the policy for 3rd time test takers. Would a master's degree count as the additional one year of experience? Could graduate level courses (in the master's program) count for the 8 semester credits? The Board concluded that a Master's degree can only be counted as experience for the PE or PLS and that experience is not a requirement to take the FE exam.

Moved by Mr. Milligan, seconded by Mr. Young to authorize the Chair to write to Ms. Ogborn and inform her that graduate work is only allowed to substitute for experience for PE or PLS exam, not the FE exam. Graduate courses do not normally address the topics that are subjects on the FE exam, therefore they are not acceptable for meeting the requirements of the law. Since experience is not a requirement for assignment to the FE exam, the Board is not concerned about the additional year of experience referenced in Idaho Code Section 54-1214, and will consider passage of a year's time to satisfy this requirement. This policy also requires 8 semester credits of college level courses related to the exam. These courses should relate to the deficiencies that can be determined by evaluating the diagnostic reports from the examinations on which she did not receive a passing grade. Motion passed unanimously.

7. In Idaho, an applicant that has failed any examination twice will need to meet additional education and experience requirements before a 3rd assignment is granted. If an individual takes the exam in another state and passes, will they be eligible for licensure in Idaho via comity?

Moved by Mr. Milligan, seconded by Mr. Young to authorize the Chair to send a letter to Ms. Hyde informing her that if a candidate fails the exam twice in Idaho, then passes the exam in another jurisdiction, he or she would have to obtain an additional year of experience after the second failure and successfully complete an additional 8 semester credits of college courses related to the exam in order to have the credentials necessary for comity licensure. Motion passed unanimously.

9. Gerald Lambert of Lamtronics Engineering asked that the Board consider his request to use the word “engineering” in his business name.

Moved by Mr. Young, seconded by Mr. Howe to deny the request to use the word “engineering” in the business name. The Board recommends that Mr. Lambert change the company name omitting the word engineering. Motion passed unanimously.

13. Apex Manufacturing Solutions asked that the Board consider their request to use the name Allied Systems Engineering in Idaho. They do not perform engineering in Idaho.

Moved by Mr. Young, seconded by Mr. Howe to deny the request to use the word “engineering” in the business name. The Board recommends changing the company name to omit the word engineering. Motion passed unanimously.

VI. CONSIDERATION OF DISCIPLINARY MATTERS

FY09.19a Ruen, Darius, violations of ROPR. A Preliminary Investigation was completed.

Moved by Mr. Bennion, seconded by Mr. Howe to enter into executive session to consider records that are exempt from disclosure as provided for by Idaho Code 67-2345(1)(d). Roll call vote results; Mr. Milligan, yes; Mr. Ancell, yes; Mr. Young, yes; Mr. Bennion, yes and Mr. Howe yes. The Chairman directed the Board to return to regular session.

Moved by Mr. Howe, seconded by Mr. Bennion to dismiss the docket as there appears to be no apparent violation. The Board now considers this matter closed. Motion passed unanimously.

Moved by Mr. Howe, seconded by Mr. Milligan to authorize staff to initiate the rule making processes to exempt 005.04 in cases where the licensee is employed as an expert witness and require compliance with the Idaho Rules of Civil Procedure instead. Staff directed to initiate the rule making process to require timely response to requests for information from the Board. Motion passed unanimously.

FY09.21 Engleson, Tom, Possible Unlicensed Practice. During the course of investigating another matter, it came to light that Mr. Engleson did engineering work for the Sourdough Point Owners Association and he is not licensed in Idaho. A Preliminary Investigation was completed. The Board authorized staff to negotiate a Stipulation and Consent Agreement regarding Greta Gilman, P.E.'s work.

Moved by Mr. Milligan, seconded by Mr. Young to enter into executive session to consider records that are exempt from disclosure as provided for by Idaho Code 67-2345(1)(d). Roll call vote results; Mr. Milligan, yes; Mr. Ancell, yes; Mr. Young, yes; Mr. Bennion, yes and Mr. Howe yes. The Chairman directed the Board to return to regular session.

Moved by Mr. Young, seconded by Mr. Milligan to authorize the chair to sign a letter thanking the respondent for the additional information. The Board concluded that the matter does not rise to a level that warrants final formal action, but the Board is concerned over the apparent business practice of allowing a draft report of this type under signature of a person not licensed in Idaho. In this case, the document was construed to be a final work product by the client. The Board suggests that the respondent familiarize themselves with 54-1215(3)(b) relative to this issue. Motion passed unanimously with Mr. Bennion recused.

FY09.26 Bastian, J. Paul, Engineering Practices. Southeast District Health Department asked the Board to conduct an inquiry into the unsealed soils report of Mr. Bastian. A preliminary investigation was completed in this matter.

Moved by Mr. Milligan, seconded by Mr. Young to enter into executive session to consider records that are exempt from disclosure as provided for by Idaho Code 67-2345(1)(d). Roll call vote results; Mr. Milligan, yes; Mr. Ancell, yes; Mr. Young, yes; Mr. Bennion, yes and Mr. Howe yes. The Chairman directed the Board to return to regular session.

Moved by Mr. Young, seconded by Mr. Milligan to authorize the Chair to sign a letter to the Southeast District Health Dept. thanking them for bringing the matter to the Board's attention and commending them for clarifying their procedures. After investigating the matter, the Board concluded that inasmuch as the issue has been resolved through SDHD and Mr. Bastian's submittal of an acceptable report, it does not rise to a level requiring formal disciplinary action. Motion passed unanimously.

FY09.20 Marks, Colleen, Survey Practices. A preliminary investigation was conducted under contract with John Russell, P.L.S.

Moved by Mr. Howe, seconded by Mr. Bennion to reconsider Docket FY09.20. Motion passed unanimously.

Moved by Mr. Milligan, seconded by Mr. Young to enter into executive session to consider records that are exempt from disclosure as provided for by Idaho Code 67-2345(1)(d). Roll call vote results; Mr. Milligan, yes; Mr. Ancell, yes; Mr. Young, yes; Mr. Bennion, yes and Mr. Howe yes. The Chairman directed the Board to return to regular session.

Moved by Mr. Young, seconded by Mr. Howe to dismiss complaint as unfounded. Notify complainant that billing and timing issues are outside of the Board's jurisdiction. Motion passed unanimously.

FY09.25 Tikker, Robert, rules of professional responsibility. *This matter is pending resolution of civil litigation.*

Moved by Mr. Milligan, seconded by Mr. Young to continue this matter and issue an ORDER extending time if necessary. Motion passed unanimously.

FY09.27 Harrison, Rex L., A Lincoln County Building Official requested that the Board look into this possible case of plan stamping. Staff has completed a preliminary investigation for the Board's review

Moved by Mr. Bennion, seconded by Mr. Howe to enter into executive session to consider records that are exempt from disclosure as provided for by Idaho Code 67-2345(1)(d). Roll call vote results; Mr. Milligan, yes; Mr. Ancell, yes; Mr. Young, yes; Mr. Bennion, yes and Mr. Howe yes. The Chairman directed the Board to return to regular session.

Moved by Mr. Bennion, seconded by Mr. Milligan to table this item until after discussion of Item IV-3. Motion passed unanimously.

Mr. Sampson joined the meeting.

IV. NEW BUSINESS

3. Allen Johnson, P.E. of the Idaho Dept. of Agriculture would like to clarify the Board's policy on non-federal employees being given design authority through NRCS. Rob Sampson joined the meeting to clarify the NRCS policy and how it works with engineers in the State of Idaho and non-federal employees. Mr. Sampson stated that if NRCS has no interest in the project, the individual working on the project would need to find supervision elsewhere, thus using the state procedure for employees and subcontractors. Mr. Sampson explained the level of oversight he provides for his federal projects as well as the approval levels on NRCS projects.

Moved by Mr. Bennion, seconded by Mr. Young to send a letter to Mr. Johnson indicating that there is no design authority from NRCS that can be conferred to non-federal employees doing design work on non-NRCS projects. The Board directed Mr.

Kane to research the legality of delegation of design authority to non-federal employees on projects funded by federal, state, and private funds. Motion passed unanimously.

Mr. Sampson left the meeting.
